

63rd International DWV-Congress

4 to 6 November 2018

Internationales Congresscenter Stuttgart (ICS)
Messeplazza 1, 70629 Stuttgart (Germany)

Arriving by car

The ICS is situated by Stuttgart airport and is connected to the A8 and B27. Follow the signs for the airport and take exit 53a for Stuttgart-Flughafen/Messe.

Arriving by public transport

The airport terminals are within walking distance. There is also a direct local railway connection from Stuttgart airport/congress center to the main train station (lines S2 and S3).

Booking to take part in the congress (from June 2018):

www.dwv-kongress.de

Take advantage of our early booking bonus and book before the end of August 2018!

By the way – the conference fee includes free admission to the INTERVITIS INTERFRUCTA HORTITECHNICA and the tasting zone!

What you can expect:

Dive in!

The leading scientists in our sector share the latest research results and renowned entrepreneurs show how you can be successful! Submerge yourself in a vision for the future of our sector!

Join in!

The congress offers a wide range of opportunities for getting active. Use the chance to have your say and help shape our sector!

Instigate!

No future without innovation! Collaboration between research, industry and practice is important – that's why the congress provides the opportunity to instigate technical and market-oriented progress in a practical setting.

Discuss!

Get together with your colleagues from Germany and abroad – we can provide the right meeting point for this! Use our congress lounge for an industry get-together!

What we will be discussing:

Sunday 4/11/2018

Exchanging experiences on the consequences of climate change with winegrowing colleagues from the Rhine-Danube winegrowing region and other new and traditional winegrowing regions in Europe.

Monday 5/11/2018

Discussions on digitisation along the entire value chain – from the vineyard to the customer's glass!

Tuesday 6/11/2018

Special sessions:

- Wine, tourism, and architecture
- Marketing day
- Organic viticulture
- Conference of the International Winegrowers' Cooperatives

In addition:

Taste!

Theory without practice is no good. Sample the technique in the newly designed tasting zone!

Experience!

The DWV machine presentation and special drone and robotics show are an informative event. Experience a presentation and explanation of the latest developments!
